

Press release march 2018

San Francisco, Chemnitz, 03/07/2018: **digitronic® computersysteme GmbH, Germany named winner in the 14th Annual Info Security PG's 2018 Global Excellence Awards®:**

By Peter Liebing

digitronic® announced today that Info Security Products Guide, the industry's leading information security research and advisory guide, has named the All-In-One Compliance Package a winner in the 14th Annual 2018 Info Security PG's Global Excellence Awards® in General Data Protection (GDPR) Solutions. These prestigious global awards recognize cybersecurity and information technology vendors with advanced, ground-breaking products, solutions, and services that are helping set the bar higher for others in all areas of security and technologies.

The All-In-One Compliance Package is the combination of network drive encryption and strong two-factor authentication which offers a high level of security to protect your data from unauthorized access and supports certified authentication in a wide range of forms, from RFID cards and active smart cards (card or USB token) to our latest innovation: a login solution using a smartphone. Whether you want to strengthen the security for your confidential construction and development data, your management or HR data, the All-In-One Compliance Packages are a highly effective step towards improving your organization's information security. Whether you're seeking ISO 27001 certification, undergoing an Information Security Assessment (ISA) audit by the German Association of the Automotive Industry (VDA) or working to meet the requirements set out by the European General Data Protection Regulation (EU GDPR), digitronic® can offer you a secure and quick-to-implement solution.

"We are proud to be recognized as an industry player whose All-In-One Compliance Package have been named winner by Info Security Products Guide," says Matthias Kirchhoff, CEO of digitronic®. "Behind this distinguished success is our relentless drive to stay customer focussed. We believe this recognition from Info Security Products Guide further validates our commitment to our customers and their security needs. "I am very happy about this breakthrough on the US market, especially considering that our company is participating for the second time in the RSA 2018 Conference in San Francisco. You will find us at the German Pavilion at Booth # 3927 in the North Exhibit Hall."

About Info Security PG's Global Excellence Awards

Info Security Products Guide sponsors the Global Excellence Awards and plays a vital role in keeping end-users informed of the choices they can make when it comes to protecting their digital resources and assets. It is written expressly for those who are adamant on staying informed of security threats and the preventive measure they can take. You will discover a wealth of information in this guide including tomorrow's technology today, best deployment scenarios, people and technologies shaping cyber security and industry predictions & directions that facilitate in making the most pertinent security decisions. Visit www.infosecurityproductsguide.com for the complete list of winners.
