

Chemnitz, 05/08/2015:

digitronic® made the jury list of the competition "Grand Award of Medium-Sized Enterprises" 2015

The main office of the Oskar Patzelt foundation in Leipzig briefed digitronic computersysteme gmbh Chemnitz that the company has successfully reached the second level of the jury list of the competition "Grand Award of Medium-Sized Enterprises" 2015. 815 companies have fulfilled the award criteria out of the circle of 5,009 nominated. Now 14 juries discuss which company shall be honored this year as being finalist or prize winner or receive a special price.

Since 25 years digitronic develops in Chemnitz software and hits the "security nerve" of many companies currently with HiCrypt™ and the 2 factor authentication solution secure logon. Just on the evening of the award ceremonies (5. September 2015) the prize winners shall be announced.

Being the only German business award it does not only take into account numbers, innovations or workplaces, but rather the company as a whole and its complex role in society. Sponsor of the competition is the Oskar Patzelt foundation collectively with chambers, associations, cities and communities. Since 1994 the competition has been carried out already 21. times.
